

# BounceBack<sup>®</sup> for Heat Stress Relief

Prepare now and protect your crops from extreme heat in the forecast. As temperatures climb, we recommend BounceBack<sup>®</sup> for heat stress relief.

BounceBack is a calcium and nitrogen product built with Transit<sup>®</sup> biostimulant and plant extracts, designed for high nutrient mobility and uptake within the plant. BounceBack provides rapid relief for crops under photosynthetic and respiration stress.

## Improves Nut and Fruit Quality

Enhanced calcium mobility for increased fruit firmness and extended shelf-life

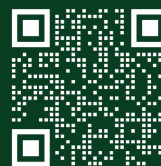

## Heat Stress Mitigation

Supports rapid heat stress relief for crops under photosynthetic and respiration stress

## Optimized Formulation

Designed for superior leaf penetration and enhanced nutrient mobility to drive results in the field
